- Review of HEDIS 2009 Results
  - Medi-Cal
  - Healthy Families
  - Healthy Kids
  - ACE
- HEDIS 2010
  - Plans and goals

the  
healthy  
fight.

 HealthPlan  
OF SAN MATEO

# HEDIS 2009

- HEDIS Background

- “Healthcare Effectiveness Data and Information Set”
- Many preventive measures
- Increased use of measures with focus on chronic disease
  - Greater challenge for plans with seniors/persons with disabilities
- 2009 data collection focuses on services rendered in **2008**

the  
healthy  
fight.

HealthPlan  
OF SAN MATEO

# HEDIS 2009—Medi-Cal

- HPSM's goals for 2009:
  - No measure below the minimum performance level (MPL)
  - Two measures in the high performance level (HPL)

WE MET THESE TWO GOALS!!!

the  
healthy  
fight.

 HealthPlan  
OF SAN MATEO

# HEDIS 2009—Medi-Cal

- Two HPLs
  - Testing of LDL-cholesterol in diabetic patients
  - Level of childhood immunizations
- 2008 MPLs
  - Adolescent well care improved substantially
  - Timeliness of prenatal care still borderline
- Overall improvements resulting from
  - Pay for Performance
  - Improved data collection

the  
healthy  
fight.

the  
healthy  
fight.

HealthPlan  
OF SAN MATEO

# HEDIS 2009 ACE Results

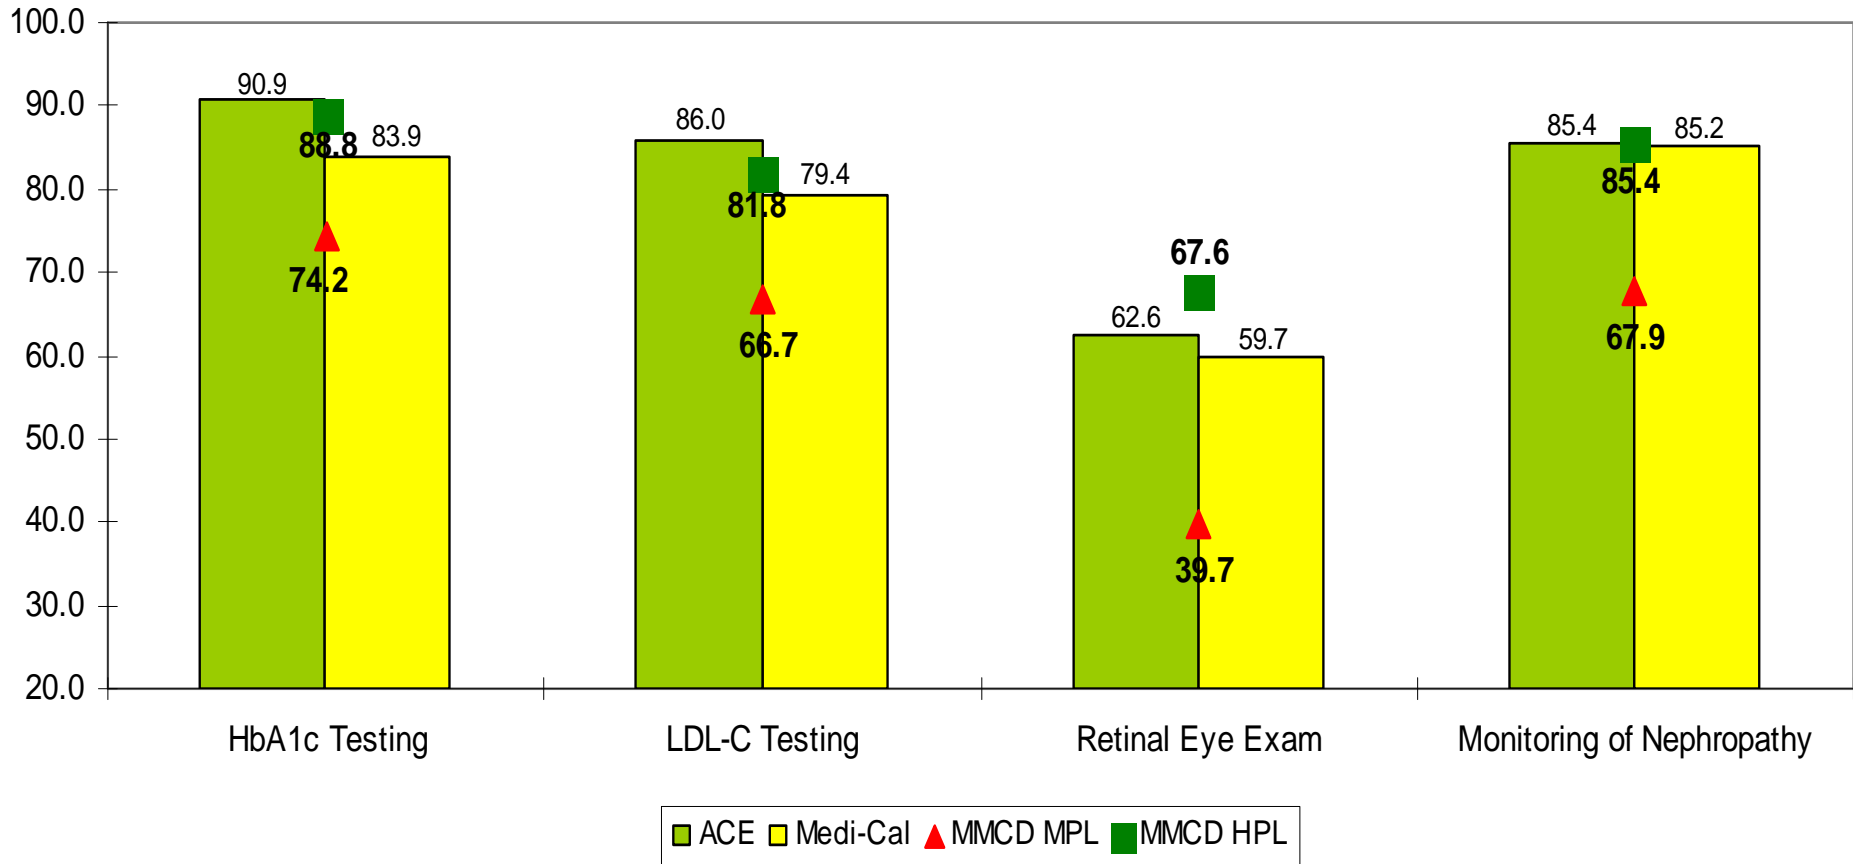

- Using Medicaid MPL and HPL levels for comparison:
  - None were below the MPL
  - Four were above the HPL
- Results reflect quality of chronic care management ACE patients receive

the  
healthy  
fight.

# HEDIS 2010: What Lies Ahead?

- In summary—2009 saw HPSM’s best HEDIS results in several years.
  - Higher goals in 2010 for Medi-Cal
    - No MPLs—ongoing goal
      - Increased focus on timeliness of prenatal care with our “Go Before You Show” campaign
    - Improvement of 2% in diabetes measures
    - Three HPLs
  - CareAdvantage
- Best care possible for members in all programs.

the  
healthy  
fight.
