Request an At-Home Blood Pressure Monitor For Your Patient Now

Dear providers,

Due to the Medi-Cal pharmacy carveout, at-home blood pressure monitors will no longer be available in the Medi-Cal formulary for members to pick up free of charge in January 2022. Please make sure you support the Health Plan of San Mateo (HPSM) members with controlling their blood pressure by prescribing an at-home monitor before the year is over.

To ensure members receive their blood pressure monitors, make sure you send the prescription in advance to the pharmacy. Write for “home blood pressure monitor” rather than specifying the brand as this will allow the pharmacy to choose one that HPSM will cover. Ask your patient to call the pharmacy in advance to make sure a covered home blood pressure monitor is available or can be ordered. A copy of the list of covered HPSM blood pressure monitors was faxed to your patient’s pharmacy. This list and notification are also available online at www.hpsm.org/provider/news

Here is a list of HPSM-approved at-home blood pressure monitors:

Name	NDC	Restrictions
AUTOMATIC BLOOD PRESSR MONITOR	42632003333	Limited to 1 per year
