WATCH NOW: COVID-19 Vaccine Support Provider Webinar

With eligibility for the COVID-19 vaccine on the horizon for children aged six months to five years, public health officials and the Health Plan of San Mateo (HPSM) are gearing up to support our pediatric providers with the next phase of the COVID-19 response.

Last month the San Mateo County Health COVID-19 Response Unit (CRU) joined HPSM for a provider webinar on COVID-19 vaccine support for pediatric providers. The webinar included an overview of new types of support that San Mateo County Health is offering to assist pediatric providers with vaccinating patients in their clinic. If your clinic is looking for technical assistance, or even staffing support to host a vaccination event within your clinic, you can now view the recorded webinar online and read more below.

Interested in this type of vaccination support for your clinic? Please contact Trish Erwin at perwin@smcgov.org.

Watch the webinar here: www.hpsm.org/videos/default-source/webinar/covid-19-vaccine-20220428.mp4

Highlights include:

- Updates on recent vaccination developments and research, by Dr. Anand Chabra.
- An overview of the COVID-19 Response Unit (CRU) by Trish Erwin, and the challenges the unit was designed to take on to support San Mateo County providers.
- A review of the three tiers of supports providers can request of the CRU operations team by San Mateo County Health pharmacists.
- A reminder of available HPSM materials for providers to support vaccination efforts.

You can also review the webinar slides here: www.hpsm.org/docs/default-source/provider-services/covid-19/20220428slides.pdf. Find additional resources for HPSM providers here: www.hpsm.org/provider-covid-resources/vaccine-resources

For other questions, please contact our Provider Services department at PSInquiries@hpsm.org.

Thank you for your continued commitment to our community,
The Health Plan of San Mateo
