Annual Reminder to Check Behavioral Health Rates

Dear behavioral health providers,

This is a courtesy reminder to check rates for services at the Centers for Medicare and Medicaid Services (CMS) website. Rates are subject to change and should be checked regularly here:

- **For Medicare:** <https://www.cms.gov/medicare/physician-fee-schedule/search/overview>
- **For Medi-Cal:** https://files.medi-cal.ca.gov/Rates/rates_download.aspx

You can use the link above to check rates for mild-to-moderate behavioral health services for all lines of business (except ACE). CMS changes rates occasionally and checking this resource will be important to review to ensure accurate billing.

For a reminder on the billing process, please review tutorial videos and behavioral health onboarding slides here: www.hpsm.org/provider/behavioral-health/

For questions, please contact the HPSM Provider Services department at PSInquiries@hpsm.org.

Thank you for your continued commitment to our community,
The Health Plan of San Mateo
