## Upcoming Changes for Long Term Care Providers

Dear provider,

Effective February 1, 2024, the Department of Health Care Services (DHCS) will retire the use of local long term care service codes and the Payment Request for Long Term Care (25-1) form, both used to bill for long term care services.

These local procedures will be replaced by National Uniform Billing Committee (NUBC) data elements and the UB-04 claim form for an electronic 837I claim transaction. These changes are being implemented to comply with national HIPAA standards.

**Learn about these upcoming changes on DHCS' webpage here:**

HPSM will comply with these upcoming changes and continue to keep our network updated as details emerge from DHCS. Please direct questions to HPSM's Provider Services at **[PSInquiries@hpsm.org](mailto:PSInquiries@hpsm.org)**.
