## Community-Based Adult Services (CBAS) Network Rate Increases Effective 6/1/2025

Dear provider,

Last year, the Health Plan of San Mateo's (HPSM's) Commission approved specific investments to address critical access gaps and support our providers through provider rate increases. As part of HPSM's five-year strategic plan, the health plan remains firmly committed to improving health outcomes, access and experience, and equity for members. Even during times of uncertainty regarding the future for Medi-Cal, HPSM recognizes how critical it is to thoughtfully invest in the long-term sustainability of the provider network.

Starting June 1, 2025, HPSM will be increasing its standard network rates for Community-Based Adult Services (CBAS) providers contracted with HPSM through the Medi-Cal and HealthWorx lines of business. **CBAS standard network rates will increase from 110% of Medi-Cal to 120% as of June 1, 2025.**
