

Important Announcement

Date: March 16, 2018

To: Primary Care and OB/GYN Providers

Subject: **P4P CCS and BCS Billing Rates and Procedure Code Corrections**

Procedure Code Correction

Please see the updates highlighted below regarding procedure codes to submit for cervical cancer and breast cancer screenings. Please note this will not impact payments already made for the 2018 program year. Additionally, **please ensure you are billing at the full payment rate.** If you bill these codes with lower rates than the program rates listed here your payment rate will be impacted. **Please distribute this information to all of your clinic providers and billers.**

Reminder: Starting Feb. 1, 2018 providers can submit new codes for cervical cancer and breast cancer screening P4P payments. Dates of service can be back-dated to Jan. 1, 2018.

Note: The Women's Health Exam P4P measure will be retired after the 2018 measurement year.

Please follow all clinical guidelines for performing or recommending these screenings as not all members need these screenings every year.

Procedure Code	Measure Name	Service Dates Eligible	Age Range	Gender	Frequency	Payment Rate	Provider Specialty
G0101	*Women's Health Exam	1/1/2018 - 12/31/2018	20-64	F	Once per member per year if 3014F and/or 3015F have not been billed	\$90	PCP or OB/GYN
3015F	Cervical Cancer Screening	1/1/2018 - 12/31/2018	21-64	F	Once per member per year if G0101 has not been billed	\$30	PCP or OB/GYN
3014F	Mammogram for Breast Cancer Screening	1/1/2018 - 12/31/2018	52-74	F	Once per member per year if G0101 has not been billed	\$10	PCP or OB/GYN

*See HPSM P4P guidelines for measure specifications

If you have any questions about this please contact our Primary Care Program Coordinator, Kati Phillips, at kati.phillips@hpsm.org.
