Watch HPSM's Disability Pride Month webinar recording

Dear provider,

Last week, HPSM celebrated Disability Pride Month with a provider webinar on disability inclusion in healthcare. This webinar included an overview of HPSM's population of members with disabilities and a discussion about how to foster inclusion and access for members with disabilities. Jennifer Dresen, MSW/MPH of the Arc San Francisco and Melissa-Crisp Cooper, a disability advocate and writer, gave a guest presentation with tips for facilitating positive health experiences for patients with disabilities.

[Watch the webinar recording](#)

Highlights include:

- The demographic makeup of HPSM's members with disabilities
- An overview of new HPSM [provider](#) and [member](#) webpages for people with disabilities
- A discussion of disability inclusion within the health care industry
- Opportunities for supporting members with disabilities and improving their health care experience

You can also review the webinar presentation slides by [HPSM's Population Health Team](#) and [Melissa Crisp-Cooper and Jennifer Dresen](#).
