## Upcoming Training Opportunity: Implementing Quality Improvement Strategies to Improve Vaping Screening

Dear provider,

The Anti-Vaping Champions at the University of California, Los Angeles (UCLA) and the American Academy of Pediatrics-CA Chapter 2 will be hosting a training for health care providers to improve screening for vaping in minors and young adults. The training will be held on Wednesday, April 30, 2025 from 6-8PM on Zoom.

**Register for the webinar here:** <https://uclahs.fyi/avc-qi-webinar-training>

The training will include:

- An overview of the current landscape of youth vaping and associated health risks.
- A Plan-Do-Study-Act (PDSA) quality improvement framework.
- A discussion on building effective screening workflows in clinical settings.
- Motivational interviewing techniques for adolescent patients.
- Documentation best practices and EHR integration.
- How to support priority populations with culturally appropriate approaches.

Please see the attached flyer. You can contact [ucla.avc@mednet.ucla.edu](mailto:ucla.avc@mednet.ucla.edu) with questions about this training. All other questions can be directed to HPSM Provider Services at [PSInquiries@hpsm.org](mailto:PSInquiries@hpsm.org).

Thank you,

The Health Plan of San Mateo
