### Benchmark P4P Program– (2020 Program Year)

This report will outline member-level detail based on a primary care provider’s assigned panel and member eligibility, as well as gaps/opportunities for performance program services and payments.

Report schedule = ~2<sup>nd</sup> day of each month; accessible through HPSM eReports system

Data reflected in the reports includes all claims received up to the report run date

### Report Indicator Key (all measures)

Indicator	Definition
*	Member is eligible for the P4P measure but some information is missing for the measure to have been met, i.e. service not provided (gap/opportunity); claim not submitted; lab result not received
N/A	Member does not meet measure eligibility criteria
<b>Date of Service</b>	Most recent date of service on file that meets measure criteria based on patient eligibility and measure definition; DOS does not have to have been with current assigned PCP; DOS should only be for during the measurement year (calendar year for most measures)
<b>Date of Service**</b>	Service provided by non-assigned PCP/clinic
